## PROFESSIONAL PROFILE

Detail-oriented and innovative Frontend Web Developer with experience in building high-performance websites and interactive UI/UX designs. Proficient in HTML, CSS, JavaScript, Tailwind CSS, and Bootstrap, with a strong foundation in C, C++, SQL and Python. Successfully developed multiple clone websites, landing pages, and web applications, improving user engagement and conversion rates. Adept at optimizing website performance, enhancing UI/UX, and reducing bounce rates.

## PROFESSIONAL EXPERIENCE

### FRONT-END DEVELOPER

JUNE 2024 – JULY 2024

TechOctaNet Services Pvt. Ltd.

Developed 10+ high-fidelity clone websites and landing pages using HTML, CSS, and JavaScript, enhancing user experience and boosting client conversion rates by 5%.

Optimized website structures to reduce bounce rates by 2%, improving engagement and retention.

### FRONT-END DEVELOPER

MAY 2024 – JUNE 2024

CodSoft

Designed and developed a job board website from scratch using HTML, CSS, and JavaScript, successfully increasing user engagement by 50% and reducing bounce rates by 5%.

Revamped the UI of a calculator application, optimizing load times by 7% and enhancing user satisfaction by 15% through improved interactivity and design.

## PROJECTS

Blog : Developed a responsive blog website with a user-friendly interface, featuring dynamic content loading and interactive elements.

Snake Game : Created a classic snake game using JavaScript, HTML, and CSS, implementing smooth animations and increasing difficulty levels.

Calculator : Designed and developed a functional calculator with a clean UI, supporting basic arithmetic operations with real-time updates.

Quiz Application : Built an interactive quiz app with multiple-choice.
